## Press Release

### Death of Brookline worker under investigation

Contact: D. Traub, 781-830-4917

Brookline Police and Massachusetts State Police detectives attached to the Norfolk District Attorney's Office are investigating the apparent at-work death of a 60-year old male on the grounds of The Country Club in Brookline.

The man, whose name is not being immediately released, was found by co-workers this morning. Initial information indicates that he had been working an overnight security shift at the site.

Injuries and evidence at the scene suggest that he may have fallen from a decking area behind a tent that did not have railings present. OSHA responded to the scene to open a workplace safety investigation.

While the evidence available at this time is not inconsistent with an accidental fall, the Office of the Chief Medical Examiner has accepted the case and will determine the cause and manner of death.

The man's name will be released when the next-of-kin notification process is complete.
